CATCH MORE FISH, BIGGER FISH...

OR YOUR MONEY BACK!

"Action" Fish Lure Swims By Its Own Power!

Granted U.S. Patent
No. 2,932,916

ACTION LURE swims, dives, flops like a crippled minnow! Buzzes like a dying insect! Drives pan fish, game fish, salt water fish into a frenzy! Gets savage bites that simply can't pull loose from your hook!

Completely under its own power, ACTION LURE swims and dives like a live darting minnow, then returns to the surface to dive again and again, even on a slack line! As amazing ACTION LURE dives down deep to where the big ones are lurking, fish see its free swimming action, hear its buzzing sound, and bite savagely utterly without fear or hesitation!

**Swims & dives to 15 feet!
No tugging, no pulling!**

ACTION LURE swims by itself without being pulled. It swims various depths down to 15 feet for up to one hour or more, with a slow, erratic maimed-minnow motion that no fresh or salt water fish can resist, all the time sending out its enticing buzzing insect sound to attract fish from yards away!

Yes, ACTION LURE hauls in trophy size big mouthed bass, small mouthed bass, pike, pickerel, perch, walleye, dogfish, catfish, trout, and every other conceivable type of pan fish, game fish, and salt water fish! Eye-popping catches are reported from every section of the country, so we say "Prove it to yourself!" Use ACTION LURE for a full month, see for yourself how you catch more fish, bigger fish, how your friends insist on learning your amazing fishing secret.

Works like magic even when other lures and bait fail completely!

You'll haul in limit catches when others aren't even getting a nibble, in lakes, streams, rivers, oceans, wherever you fish! Just picture your self-propelled ACTION LURE slashing through the water in brilliant reds, whites & yellows, only 2" long yet carrying enough fuel to cut through the water for as much as one full hour with a single load! Plunging down to fifteen foot depths, rising again to the surface almost once every minute, ACTION LURE plows through the water tirelessly, pulling in the big ones from hundreds of yards around you!

Here's how ACTION LURE works: All you do is snap open the fuel chamber, drop in two pellets of fuel, and close the fuel chamber again. Takes less than 60 seconds; you don't even dirty your hands! And then... simply cast or lower ACTION LURE into fresh or salt water, and get set for the fishing thrill of your life!

ACTION LURE GUARANTEE

ACTION LURE is guaranteed to catch more fish and bigger fish in every kind of water, in every kind of weather. If you are not completely satisfied in every respect, return ACTION LURE within 30 days for complete refund.

For perhaps one minute ACTION LURE will float quietly; then as water reaches the fuel, your lure will seem to shudder for a second, then spring dramatically to 'life!' Making the buzzing sound of a dying bee, ACTION LURE will point its nose downward, and begin its first descent! Slowly, jerkily, like a maimed minnow, it will swim noisily downward, buzzing and humming, traveling about nine feet every fifteen seconds! If no fish intercepts it, its descent automatically stops, it slowly raises up its nose and climbs to the surface again!

And again! And again! Tirelessly, hour after hour, far beyond the reach of your own cast! Roaming restlessly over every foot of water beneath you — even on slack line — even when your boat is tied up — even when you're curled upon the dock, sound asleep! And all the while ACTION LURE is swimming and buzzing and driving the fish around you to such a frenzy they practically tear the rod out of your hands!

World's first self-propelled lure!

No wonder this revolutionary ACTION LURE took six full years to develop! Here's what ACTION LURE will do for YOU!...

It frees you forever from the filthy tasks of digging for worms & crawlers, catching frogs, or paying 50c to \$1 for a bucket of minnows that die on you before you can even get them into your boat! It frees you forever from paying \$3, \$4, or even \$5 for those fancy "Dead-as-a-Duck" lures that only work when you tow them!

Tomorrow, for the first time in your life, you'll be weighing down your boat with bass, trout, pike, pickerel, perch... limit catches of pan fish, game fish, fresh and salt water fish, wherever you can drop a line! You'll fish better — novice or pro — sound asleep at the bottom of your boat, than most fishermen sweating and casting till their arms ache from exhaustion!

And you'll have the time of your life, amazing your friends and family with your hauls, and seeing your fishermen friends' eyes pop as they watch your incredible self-propelled ACTION LURE at work!

Try one full month at our expense!

You have nothing to lose! Fish with ACTION LURE for one full month entirely at our risk! Cost is only \$2.98. You receive ACTION LURE plus enough fuel to last up to a full year, together with complete instructions. Four "alluring" colors: red, green, orange, yellow. Order all four for only \$9.98; you get four times as much fuel, and you save \$2.00.

For the fishing thrill of your life, order direct from:

THE *Shadow* KNOWS

Z-260

Dear Denny:

THE SHADOW's guns being shot out of his hands . . . And by an old woman, yet! That, and the bit about Shrevvy's being (heh, heh!) "... sent away" were the greatest!

Who is Michael Uslan? My brother says that you always use fake names in the comics, and that Michael Uslan is one of those names. I am betting that Mr. Uslan is a real person. Who wins?

—Warren Spangler, Columbus, Indiana

Dear Warren:

You win . . . and as the prize, tell your brother that WE don't believe in HIM, either! Michael Uslan is not only a real person, he also currently resides in your own state, where he's continuing his education. As proof of this, we offer the following letter:

.

Dear Denny:

SHADOW #9 was the best yet! It moved so fast that I was done with it before I knew it. I did manage to figure out how they smuggled the dope, but not until the top of page 12. How come Editor O'Neil did not write this issue of THE SHADOW? At least you picked a worthy substitute!

I have an article from Parade Magazine about Michael Uslan. He is the comic book professor from Indiana University. My parents saw him on C.B.S. news last year. I saw you and Mr. Uslan on a T.V. talk show here in Indianapolis called "Jim Gerard's Afternoon Show" on N.B.C.

Now I'll be able to take THE SHADOW into school and show my teacher that comics are so good these days that a college professor writes them! Another first for D.C. Comics! Keep up the good work!

—Larry Safier, Indianapolis, Indiana

Dear Larry:

It's nice to know we're getting into the Indiana market; now how about you people from those glorious neighboring states? Let's hear from YOU, too!

And, Larry . . . Let us know what your teachers think of THE SHADOW!

.

Dear Denny and Allan:

Thank you for Anthony Tollin's excellent text feature, "THE SHADOW: A Dossier." It opens up a new source of communication and information to young and old SHADOW fans. In a future issue I hope you do an article on the current renewal of interest in the Cloaked Crimefighter. But please make

the text pages a semi-regular feature of the magazine, as a full issue of SHADOW story is also great!

Finally, thank you for keeping THE SHADOW on the D.C. production schedule. Never in my years of reading comics have I ever encountered another magazine so vulnerable to rumors and counter-rumors of its continued existence. I hope the book lasts forever!

One other thing: A complete SHADOW origin story would be about as practical as giving SUPERMAN a new costume, showing BATMAN's eyes through his mask, or permanently moving TARZAN to Yellowstone National Park! Please don't do it!

—Steve Savino, Albuquerque, N.M.

Dear Steve:

You're not the only reader of THE SHADOW books who feels this way about explaining the Dark Avenger's origin; take the following citizen, for instance, who's written us before.

.

O'Neil and Asherman:

In THE SHADOW #9 I saw that you have wisely published my warning. I am pleased. Perhaps now your readers will refrain from prying into my background.

It pleases me that the readers of THE SHADOW are enjoying my magazine. Perhaps they are learning the lesson I set out to teach . . . Crime Does Not Pay!

Issue #9 was well dramatized by Michael Uslan. He caught the spirit of my deadly vengeance. To coin a phrase, "Keep up the good work!" Perhaps, someday, Shrevvy will learn not to make mistakes.

Your special text feature on my career was well put together. I hope the readers appreciate it as much as I. Continue your fine work, but keep my warning in mind: Do not pry too far into the secrets of . . . THE SHADOW

Ye Editors don't know who this came from . . . But it was postmarked Cranston, Rhode Island. Undoubtedly a . . . coincidence! However, just to play safe, any origin tales involving THE SHADOW will be postponed for now . . . We shouldn't wish to make mistakes, like Shrevvy!

And speaking of Shrevvy . . . In this issue he makes up for his mistake by spotting a vital clue! We cleverly didn't say WHAT clue in order to make the following stunning announcement: The first reader who tells us what Shrevvy saw will receive, by return mail, a copy of a Shadow paperback.

Until next time, remember . . . The weed of crime bears bitter fruit. Crime does not pay . . . The Shadow knows!

Allan Asherman, Assistant Editor
